CLAIMS AND COUNTER CLAIMS

"Hughes Elected, We Only Want What Is Fair, and Expect to Get It," Says Wilcox

New York, November 8.—William R. Wilcox, chairman of the Republican national committee, after dining to night with Charles E. Hughes, said: "I believe that Mr. Hughes has been elected and he shares by views. We ask only what is fair; we want only what we are entitled to and that we propose to have."

Iowa The Only Western State Conceded to Hughes By Tumulty in Announcing Victory

Long Branch, N. J., November 8.—Secretary Tumulty announced tonight that the election of President Wilson was assured by a safe majority in the electoral college.

"The President is sure of California and Minnesota," he said. "Besides these, North Dakota, Kansas, New Mexico, New Hampshire, and West Virginia are ours. The Republicans are not sure of a single state west of the Mississippi except Iowa, which they have won by a greatly reduced plurality."

How The New York Press Sizes It Up

New York, November 9.—The Tribune and the Sun, which supported Mr. Hughes, give him 252 votes in the electoral college and give President Wilson 251. They regard California, Minnesota and New Mexico as the doubtful states.

The World, which supported President Wilson gives him 251, Hughes 228, and regards California, Connecticut, Minnesota, New Hampshire, New Mexico, North Dakota, and West Virginia as doubtful.

The Times gives Wilson 251 and Hughes 247, classing California, Minnesota, New Mexico and North Dakota as doubtful.

The M. C. Russell Co. is in receipt of a shipment of Idaho potatoes. A very fine variety and something very new in this market.

JURY DISMISSED

From the fact that the jury in the trial of Robert Outten for bootlegging was summoned by Chief of Police James Mackey, who could not legally summons a jury on account of the fact that he was an officer of the city and not of the county, the jury was dismissed and Constable McNamara is busy this morning summoning a new jury for the trial. The trial will be held this afternoon. The former jury were all agreed that Outten was guilty but could not agree on the sentence, one member wanting to give only a ten day sentence.

MARRIED HERE

Mr. George Hawkins and Miss Clara Walton, both of Cowan, Fleming county, were married in the County Clerk's office in this city yesterday afternoon by County Judge W. H. Rice.

The regular meeting of the Ladies' Catholic Benevolent Association will be held this evening at 7 o'clock in the First-Standard Bank Building.

MAYSVILLE MEN

Interested in Large Oil Well Just Struck in Wayne County, One of the Largest Oil Counties in the State.

Word has just been received here that Mr. Rex G. Carpenter of Wayne county has struck a large oil well in that county, which is one of the largest oil counties in the state.

The announcement is of interest on account of the fact that several Mayssville men are interested in the project. Messrs. George Longnecker, E. L. Manchester, Alfred Peed, Allen Cole, Ben Poyntz, James Collins, Dr. P. G. Smoot, Sam Middleman, R. A. Carr, Jr., John Briscois and William Traxel are the local men whom the announcement affects.

Mr. Carpenter has been engaged in Wayne county for the past several months drilling for oil, having found a likely place for oil. He states that the well is a gusher and shows every sign of being permanent.

WILSON 240; HUGHES 239

With Seven States Still Doubtful—Result May Not Be Known Until This Evening

Both Campaign Managers Serenely Confident of Success of Respective Candidates

New York, November 9.—On the second day after the American people cast their presidential ballots, the result still is in doubt and the contest between President Wilson and Charles Evans Hughes has narrowed down to a point where it may be decided by a few Western states.

It is within the range of possibilities that the vote of national guardsmen on border duty might turn some of the doubtful states from one column to another. Based on actual returns received by the Associated Press, the electoral college now gives Hughes 239, Wilson 240, and leaves fifty-two votes doubtful.

Two of the metropolitan newspapers which supported Hughes give him 252 votes, President Wilson 251 and admit the doubtful character of only California, New Mexico and Minnesota.

Another, which supported the President agrees with its contemporaries in giving him 251 votes, but concedes Mr. Hughes only 228 and regards the others—in seven states—as doubtful.

Each of the national chairmen express the most sincere confidence that the ultimate result will elect his candidate.

Recounts Almost Inevitable
With the contest narrowing steadily to close votes in the vital spots, recounts are almost inevitable and each side is on the watch for irregularities. There is no assurance that the result will be fully known in another day.

A summary of reports received by the Associated Press at 2 o'clock this morning show the fifty-two doubtful electoral votes leaning as follows: Wilson—California, 13; Idaho, 4; North Dakota, 5; Washington, 7; New Mexico, 3. Total, 32. Hughes—Minnesota, 12, and West Virginia, 8. Total 20.

Should the results prove to be as indicated by these reports, Wilson would receive 272, the number claimed for him by the Western Headquarters of the Democratic Committee at Chicago, and Hughes would receive 259. Thus Wilson would have six more than the necessary 266, and Hughes would have seven less than the number required for election.

The very latest bulletins are as follows:

California
San Francisco, Cal.—Returns from 5,347 precincts of 5,917 in California give Hughes 435,486; Wilson 439,896, a lead of 4,410 for Wilson.

Minnesota
St. Paul, Minn.—Charles E. Hughes was leading President Wilson in Minnesota early this morning but his margin was so slight that it was believed very complete reports from the state will be necessary to determine the outcome. When 2,505 precincts out of a total of 3,024 had reported, Hughes led by 803 votes, the count standing Wilson 162,285; Hughes 163,988.

Wilson Leads New Mexico
Albuquerque, N. M., November 8.—A recheck of returns tonight showed only 100 of 625 precincts in New Mexico had reported. These precincts gave Hughes 6,193, Wilson 6,702.

Idaho
Boise, Idaho.—In Idaho 408 of the 743 precincts give Hughes 32,780 and Wilson 43,371, a lead of 9,591 for Wilson.

North Dakota
 Fargo, N. D. — President Wilson again took the lead in North Dakota at midnight when returns from 1,504 precincts out of 1,859 in the state gave him 45,988; Hughes 45,869, a margin of 119.

Washington
Seattle, Wash.—Returns from 1,834 precincts of 2,385 in Washington give Hughes 136,174; Wilson 145,393, Wilson's lead being 9,219.

West Virginia
Charleston, W. Va.—Returns from 1,304 precincts out of 1,718 in West Virginia, gives Hughes 113,100; Wilson 109,559, a lead of 3,541 for Hughes. In the race for Governor, L.

275 precincts give Robins, Republican, 110,850; Cornwell, Democrat, 111,103.

A FLAG OVER EVERY SCHOOL

Many of the city schools and some country schools keep our country's flag waving above their building or over the playgrounds. This is an commendable practice and should become general.

The Stars and Stripes, our national emblem, should mean much to every American. It stands for the best things of our country, equal rights to all, equal opportunity for everyone, the privilege of self-government, and for human liberty in the Western hemisphere. For these principles patriots in the past have bled and died, and this memory makes the flag more treasured and more worthy of reverence. Now the duty falls on every American of keeping the flag true to these same ideals and of protecting it from any encroachments from the outside.

A flag over every school will help in fostering the spirit of patriotism that has been let go to sleep in many hearts. It is there still and can be aroused. The waving of the Stars and Stripes and national music help to quicken the patriotism. Teacher and pupils catch the spirit and it pervades their work.

More patriotism is needed as much in times of peace as in preparation for possible war that we hope will never come. It is needed to stimulate men to stricter observance of law and to the fuller realization of the principle embodied in the Constitution, that guarantees equal rights to all and special privileges to none.

The flag need not be expensive, but it should be over every school every fair day. Let the duty of raising and lowering the flag be shifted so that many will have the honor during the school session. It will not be long until each boy will begin to look forward eagerly to the day when it will be his time to take care of the flag. This early interest in the flag will help make a better citizen of him when he becomes a man.—Southern Agriculturist.

Every man is supposed to be the architect of his own fortune, but many of them forget to build.

Death is not worrying us, but to be forgotten after death induces us to cling tenaciously to life.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellow that counts—and out. **NOTE:** The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

Publicity some people says is the only way to accomplish anything so I guess you may give it a hearing. The people on Forest avenue that have to cross the C. & O. Railroad have been climbing over rocks long enough, it looks like, and if there is an ordinance or law, the C. & O. should be compelled to fix the crossings from the end of Commerce street to the other end of Carmel street. Not half fix them or fix one here and there. We have applied to the ones whom we thought did the best they could towards having the matter attended to, but nothing done so far, so this time we will ask the Mayor if he won't take the matter up.

DIPLOMAT DUMBA DIES! PRESIDENT FORCED RECALL

Geneva, November 7.—Dr. Constantin Dumba, former Austrian Ambassador to the United States, died today, says a dispatch from Vienna.

On Saturday it was announced that Emperor Francis Joseph has accepted Dr. Dumba's resignation from the diplomatic services of Austria-Hungary.

Dr. Dumba was named Austro-Hungarian Ambassador to the United States in 1913 and served until September 15, 1915, when his recall was asked by President Wilson.

The demand for the diplomatic recall followed revelations that he was engaged in a propaganda to cripple the output of American munitions factories by fomenting strikes.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

SEEK CAUSE OF SHORTAGE

Pittsburg, Penn., November 7.—Under the leadership of S. C. Long, General Manager of the Pennsylvania Railroad, general officers of the system East and West were in conference here until a late hour last night endeavoring to unravel the difficulties which have resulted in the most acute car shortage known in recent years. General and division officers of the Baltimore and Ohio Railroad also were in session for the same purpose. While no announcement was made concerning the result of the conferences it was said that railroad men believe the root of the evil may be found in the neglect to return cars to home lines. In connection with the shortage it became known that five-car loads of bituminous coal sold yesterday for \$650 a ton. This coal is usually marketed at prices ranging from \$1 to \$1.25 a ton.

PARIS REPORTS CAPTURE OF 72,981 TEUTONS SINCE FIRST OF JULY

Paris, November 7.—From the beginning of the allies' offensive on the Somme front, on July 1 to November 1, the Anglo-French forces captured 72,981 German officers and men, 163 field guns, 130 heavy guns, 215 trench mortars and 981 machine guns, the War Office announced today.

The reference to fighting of the past twenty-four hours was brief. The communication said that only artillery firing had taken place on both the Somme and Verdun fronts. The text in full follows: "During the night there were intermittent cannonades by both sides at various points on the Somme front and the right bank of the Meuse (Verdun front). From July 1 to November 1, in fighting on the Somme front, the Anglo-French forces captured 71,522 men and 1,449 officers. Materials taken by us during the same time included 163 field guns, 130 heavy guns, 215 trench mortars and 981 machine guns. The captures of the French forces alone were 40,796 men, 809 officers, 77 field pieces, 101 heavy guns, 104 trench mortars and 535 machine guns."

INCREASE ALLOWED

Washington, November 7.—In a decision handed down today the Interstate Commerce Commission gives its approval to a proposed readjustment of the rates on clay in car loads from points in Tennessee and Kentucky to destinations on and north of the Ohio River. The entire amount of the increase in most cases will accrue to the lines south of the river, and in the majority of instances will be either 10 cents or 20 cents per net ton.

Grape-Nuts Flavor

Grape-Nuts food is probably the most appetizing form in which honest whole wheat is utilized as food.

But to whole wheat is added malted barley in making Grape-Nuts, and the sense of taste quickens at once when a spoonful of the food is eaten with cream. For the barley has a rich, individual taste which, blended with the sweetness of wheat, creates a rare flavor, recognized by the palate as unusually new and delicious.

Aside from its wonderfully vitalizing value as a food, Grape-Nuts has a flavor that has made it a favorite everywhere.

"There's a Reason"

RECTORVILLE SCHOOL

Editor Public Ledger:
I have no doubt that many more of the parents would visit their children's schoolrooms during school hours if they occasionally found conditions there as they wished them to be. But to work and plan to help the schools only to find them after all disappointing and unsatisfactory is discouraging indeed.

Imagine my surprise and pleasure, therefore upon visiting the school at Rectorville one day recently, to find that the usual indifference of rural communication to all things educational, was here quite departed. Rare indeed is seen such harmony of teachers and pupils, trustees and patrons, all working together, to make a successful school.

Do you wonder that they succeed? The Rectorville Improvement League, organized by the parents and patrons, have been busy during the summer vacation and a \$7,000 4-room High School building of beautiful architecture and substantial construction is being built on perhaps the most beautiful location for a rural school building in the county.

Situated in the midst of a 5 acre play ground and lawn near the center of the town it is being thoroughly equipped with electric lights and fans, furnace, gymnasium, and sanitary plumbing.

A great part of the work is being done by the citizens who gather at the school two days in the week and work for the common good, the women folk serving dinner on the grounds.

While the new home is being prepared with such rapidity the young principal and his two able assistants are doing their share in enlisting their flock of young people in a proper interest in study and research.

A short time spent in the school rooms, found the pupils, though cramped in the inadequate old buildings, yet pulling with the eager search for knowledge, inspired by these exceptional young teachers. A training in manners and morals seems to have been added to the old curriculum also.

In the primary and intermediate room, this air of interest and pleasant harmony was felt.

The teachers have hospitably given the use of the old school rooms for social center work, community socials Sunday Schools, Dramatic Clubs, etc., thus anticipating a similar use of the commodious new building.

The community spirit is certainly reviving in this end of the county. Consolidation and cooperation for securing better educational facilities are much considered.

Yours sincerely,
MRS. G. W. HOOK.

DOES BACKACHE WORRY YOU?

Some Maysville People Have Learned How To Get Relief.
How many people suffer from an aching back?
How few know the cause?
If it hurts to stoop or lift—
If you suffer sudden, darting pains—
If you are weak, lame and tired
Suspect your kidneys.
Watch for nature's signal.
The first sign may be headache or dizziness.
Scanty, painful, or too frequent urination.
Nervousness or a constant, dead-tired feeling.
Avert the serious kidney disease.
Treat the weakened kidneys with Doan's Kidney Pills.
A remedy especially for sick kidneys.

Gratefully endorsed by residents of this locality.
Mrs. Alice Bradford, Hotel Bradford, Augusta, Ky., says: "My kidneys were in bad shape and I was nervous and dizzy. My head ached and I felt weak and tired in the morning. A neighbor suggested taking Doan's Kidney Pills and I used some. They made me feel very much better. I advise anyone suffering as I did to use Doan's Kidney Pills."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bradford had. Foster-Milburn Co., Props., Buffalo, N. Y.

CARRANZA NOT TO RESIGN

Mexico City, November 7.—General Venustiano Carranza announced today that he would not resign as First Chief because of his candidacy for the Presidency of the republic. He said, however, that if he regarded it as advisable he would withdraw from his official post just before the constitutional elections. General Carranza added that up to the present time the relations between Mexico and the United States had not been strained.

ENTHUSIASTIC MEETING

Was the One Held in the Third Street M. E. Church Last Night, It Being the Fourth Service of the Win-My-Chum Week.

With over a hundred present last night, the fourth service of the Win-My-Chum Week meetings being held in the Third Street M. E. Church was marked with a great enthusiasm. All seemed to be more interested than ever before, which undoubtedly points to a successful close.

The pastor of the church, S. K. Hunt, was the speaker for the evening. Rev. J. F. Ruggles, pastor of the Forest Avenue M. E. Church, of this city was to have been the speaker but owing to the fact that he was engaged in conducting a revival in Augusta he was unable to be present. The subject, "Nothing Can Separate You From God Except Yourself," was admirably treated by the speaker. A quartet, composed of Misses Carrie and Lillian Muse, and Messrs. Raymond Muse and H. M. Clark, sang a beautiful quartet selection, "Arise and Sing."

Tonight Rev. H. Kerr Taylor, pastor of the Central Presbyterian Church, will be the speaker on the subject, "Lost in the Crowd." Mr. Taylor will soon leave for his missionary work in China, and although very busy making preparations kindly consented to be present and deliver the address for the evening. Miss Lillian Muse will sing the solo, "My Task."

A cordial welcome is extended to all to be present at these services.

OUT OF BRICK

Contractors Vastine, Noland & Lowrey have stopped the work of bricklaying on the second street extension on account of the lack of brick. Having a large amount of brick left from their first contract they obtained permission from the City Council to use them in their second contract as far as they would go. They will now be compelled to order brick as specified in the contract. The street has already been partially opened up.

SUFFRAGE MEETING

The Mason County Woman's Suffrage League will have an important meeting Friday, November 10th, at 2 p. m. in the Public Library. All members urged to attend and come promptly. Delegates going to the Louisville Convention November 15-16, will please report for credentials.

MARY A. FINCH,
First Vice President.

BEGAN ON SEWER

A number of the city employees yesterday began work of laying a sewer on East Third street from Cherry Alley to the first alley east. This sewer is being built in exchange for a sewer to be built through the premises of Mr. Omar Dodson on the second street extension to drain off surface water. The sewer on Third street has been needed for some time but the city fathers have not seen fit to place one there.

OUR MISTAKE

Yesterday in our tabulated vote of the county several mistakes were made. We had the vote of Wilson and Hughes reversed, as also the vote of Pennington and Fields and for and against the Commission Form of Government. It was a general switch but certainly not intentional.

IMES ADMITS

That He Stole the Harness Soff by Him to Mr. Frank Carrigan For \$5—Owner of Harness Here.

Yesterday morning, Charles Imes, who was arrested by Detective Thomas Stewart and Officer Bloomhuff at the brick yards Sunday night, confessed to Mr. Stewart that he had stolen the harness from a livery stable man at Ironton, Ohio.

Imes said that on Sunday morning about 1 o'clock he took advantage of the absence of the livery stable keeper and stole the harness. Coming to the Kentucky side he caught a C. & O. freight train and came to this city. After arriving here he sold the harness to Mr. Frank Carrigan for \$5.

In his previous statement Imes said that he had bought the harness from a hobo on a train for \$4 and that he thought he was getting a bargain.

Mr. Nick McFahon, the owner of the harness was in this city yesterday afternoon and stated that Imes had been working for him. He said that after he had left his place of business Saturday night Imes came in and had picked out two of the best sets of harness in the stable. He knew that Imes was the guilty person for the next morning he found that he had disappeared. He returned home last night with the harness.

The Chief of Police of Ironton arrived this morning with the necessary papers with which to take Imes back, where he will be tried for grand larceny. The capturing officers were given a reward of \$10 by Mr. McFahon.

DEMOCRATS TO HOLD MAJORITY IN CONGRESS

New York, November 9—Although the Democrats are assured of control of the Senate by a working majority, control of the House was still in doubt at an early hour today. The Democrats had made slight gains, however, in the last returns to Montana and Kansas.

At 1 o'clock, 205 Democrats, 201 Republicans, 2 Progressives, 1 Socialist and 1 Independent had been elected with 25 Congressional districts to be heard from.

The Senate will remain under Democratic control by a majority of 10 or 12, dependent on the outcome in New Mexico, where A. A. Jones, Democrat, is maintaining a slight lead over Frank A. Hubbell, nominated by the Republicans to succeed Senator Cameron. At this hour the Senate stands: Democrats 53, Republicans 43; Un decided 1.

In the Senate four present Democratic members, according to the latest indications, have been defeated. They are Senators Kern and Tamm of Indiana; Martine, of New Jersey and Chilton, of West Virginia. Three Republican Senators, Lippitt, of Rhode Island; Clark of Wyoming, and Sutherland, of Utah, also have lost their seats on the basis of the returns.

HUGHES SPENDS SIXTEEN HOURS WAITING RETURNS

New York, November 8—Charles E. Hughes and his wife spent the better part of sixteen hours today in their apartments at an uptown hotel here watching the ebb and flow of the election returns. Most of the day they were alone. Their three daughters left soon after breakfast, Miss Catherine to return to Wellesley and Miss Elizabeth to take Miss Helen back to school in Washington. Chairman Willcox dined with the nominee and his wife tonight. As he was leaving Mr. Willcox declared he believed Mr. Hughes had been elected and added that the nominee shared this belief.

Mr. Hughes adhered to his determination to say nothing until the result should have been learned finally, so far as possible, from unofficial returns. During the afternoon he and Mrs. Hughes motored for two hours, and on their return Mr. Hughes took a three-hour nap.

Although Mr. Hughes appeared to be in good physical trim, members of his personal staff were heavy-eyed and showed the strain under which they had been laboring. Most of them had been without sleep since early Tuesday morning.

PRACTICING BASKETBALL

The boys of the High School are now regularly practicing basketball in preparation for the first game to be played on Friday, November 24, on the local floor with Manchester. Maysville expects to put up as good, if not better exhibitions of basketball than she did last year. There is a great deal of good material in the High School and Coaches Duke and French seemed greatly pleased with the outlook to put forth a winner.
